- *FX, Commodities, US Stocks, Bursa Msia & Cryptos.*
- *Build your confidence on all any market conditions.*

How Does Pvt Group Look Like?

Douglas Wong

#DOGE H2 fractals work - possible if price continue to range here 0.70\$+- for the next 1-2days.

7:47 AM

Self repeating pattern 101 7:47 AM

Another key will be, everytime DOGE peaked, price will sweep high few more time to wipe seller then at least 40-60% retracement drop ; should this happen again, 0.45\$ is very possible
